Top of Stocking

1. Fold Whisper White 'top of stocking' in half.
2. Have folded edge just inside of 'stocking top' on the Holiday Stocking Bigz L Die. This way you won't cut off the folded edge of the top.
3. Align all stocking pieces under the stocking top. Hold together with clips.
4. Punch large circles through top of stocking with Crop-A-Dile or Big Bite.
5. Push eyelet through holes and then smash with Crop-A-Dile.
6. Adhere stocking toes and heels on both sides.
7. Stamp on stocking if you'd like.
8. Pull ribbon through eyelets and make a bow.
